Now you can go back and login with your new credentials!

Once you've logged in, you will be able to view the
"add task" form

Fill out this form with your task information, then just
press "Add"!

Your tasks will then appear like this in the table below!

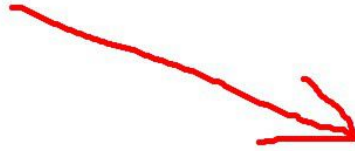

Task Name	Duration (in hours)	Date	Action
Submit Software Major Project	N/A	22/05/2023	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
Solve dark matter	0.5	19/06/2023	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
Play the violin for Vlad	3	29/06/2023	<input type="button" value="Edit"/> <input type="button" value="Delete"/>

Now, lets try the edit task button

Action	
Edit	Delete
Edit	Delete
Edit	Delete

This will take you to the
"edit task" form for the task
row you clicked the button
on

It will automatically be filled with the
correct information, you can now
edit it as needed!

Edit Task

Task Name

Submit Software Major Project

Duration (in hours)

Duration (in hours)

Date

22 / 05 / 2023

Update

Cancel

Just press "update" when you're
done or "cancel" if you change
your mind

There is also the delete task button, this will permanently delete a task. So be careful!

Action	
Edit	Delete
Edit	Delete
Edit	Delete

Now that we're back on the main page, let's try the settings icon. This is in the top left corner of your screen.

Task Name	Duration (in hours)	Date	Action
Submit Software Make Project	N/A	23/05/2023	Edit Delete

Now, you'll be presented with 2 options, logout and account settings. Let's try account settings

[Account Settings](#)
[Logout](#)

Here you'll find a very simple menu for managing your account. You can fill out any of these forms as desired, stay under 16 characters for username and passwords, then submit! Remember, the home button is in the top left to take you back to the main page at any time!

Delete Account

To confirm deletion, type "DELETE":

The logout button will just log you out and take you back to the login form.

That's pretty much it!

The interface is quite simple and easy to use, have fun and good luck with your tasks!
